Note: Couplers & filter shown are representative of your kit. Colors may vary based on your selection. The last digit of the part number indicates the color; 1 = Black, 2 = Red, 4 = Yellow, 6 = Blue, 8 = White

Your kit also includes part number 8700, which isn't really a part, but rather a tool to help you assemble your modular intake.

This kit has been updated to include 2 bracket kits and a T-bolt clamp (#8703). This improves stability of the installed intake.
